PROFESSIONAL EXPERIENCE

Software Developer Intern(Part time)
Deep Thought
06/2024 – present | Agra, India
I am working on UI designs and coding the designs.

Full Stack Developer Intern
Techplement
05/2024 | Delhi, India
As a Full Stack Developer intern at Techplement, I had the opportunity to deepen my understanding of web development by working on both front-end and back-end technologies. Here are the key achievements from my internship:
1. API Integration: In the first week, I learned how APIs work and integrated them into web applications.
2. Front-End Development: Utilized HTML and CSS to create a user-friendly and aesthetically pleasing interface for a random quote website, ensuring a seamless user experience.
3. Back-End Development: Used JavaScript to develop the back-end logic.

Frontend Developer Intern
Afame Technologies
04/2024 | Agra, India
During my internship at Afame Technologies, I had the opportunity to enhance my skills in web development by creating a responsive and visually appealing portfolio website. Here are the key highlights of my experience:
1. Responsive Web Design: Developed a fully responsive portfolio website that adapts seamlessly across various devices and screens.
2. Advanced Animations: Incorporated modern CSS animations to enhance user engagement and interactivity.
3. Web Hosting: Successfully hosted the portfolio website online, gaining hands-on experience with web hosting platforms and deployment processes.

EDUCATION

Bachelor's of Computer Application
Bangalore University
2020 – 2023 | Bangalore, India
Final Grade: 8 CGPA

Master's of Computer Application
Jain University
2023 – present | Bangalore, India
